Election/Restrictions

Applicant's election with traverse of claims 1,2, and 7 in the reply filed on 3/28/07 is acknowledged. The traversal is on the ground(s) that there would not be a serious burden on the examiner to search all the claims. This is not found persuasive because applicant's amendments have caused the different species to diverge and would require new searching on each separate species.

The requirement is still deemed proper and is therefore made FINAL. The examiner's amendment below cancels to non-elected claims and was authorized by applicant's attorney.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ryan Miller on 5/16/07.

The application has been amended as follows:

Cancel claims 3-6.
